

Volunteer Coordinator Sign-in

Signing-in with the EZVolunteer/Enterprise version

Coordinators will now need to sign in at their own school Interface to be able to access the “Admin” link and all the features available in the Administration Module. We recommend sending a notice from your EZVolunteer system to your Volunteer Coordinators with the following instructions.

To sign-in at your school interface follow these steps -

1. On the Main sign-in Page, change the Interface by selecting your school in the Drop-Down at the bottom of the page,
2. You will be redirected to your school interface. Sign-in with your usual username and password,
3. With your new Admin permissions, you will be re-directed to the Admin Console for your School Interface.

SIGN IN TO YOUR ACCOUNT

Sign-up from this page or sign-in to your account. If you do not recall your account username or password, click the *I Cannot Login* link and the system will email you with details.

- Register As A VOLUNTEER
- Apply To Be A Business PARTNER
- Setup Your STAFF Account
